Thinkdiag 2 is an advanced **Bluetooth automotive diagnostic scanner** designed for professional workshops and serious car enthusiasts. It connects directly to a vehicle's OBD2 port and works with a smartphone app to deliver **full-system diagnostics, coding, and service functions** similar to expensive workshop scan tools.

It is widely used for **multi-brand vehicle diagnostics, ECU coding, and maintenance reset functions**.

Key Features

◆ Full System Diagnostics

Reads and clears fault codes from **all vehicle modules**, not just the engine.

Supported systems include:

- Engine (ECU)
- Transmission (TCU)
- ABS / Brake system

- Airbag (SRS)
- BCM (Body Control Module)
- Instrument Cluster
- Immobilizer
- Steering / Suspension
- Climate Control
- TPMS
- Infotainment and more

Includes:

- Live Data Stream (Graph view)
- Freeze Frame Data
- ECU Information
- Active Test (Bi-directional control)

◆ 15+ Special Service Functions

ThinkDiag 2 supports essential maintenance and reset functions used daily in workshops:

1. Oil Service Reset
2. EPB (Electronic Parking Brake) Reset
3. SAS Steering Angle Reset
4. ABS Bleeding
5. Throttle Adaptation
6. Injector Coding
7. DPF Regeneration
8. Battery Registration (BMS)
9. TPMS Reset
10. Gear Learning
11. Suspension Reset
12. AFS Reset

13. EGR Adaptation
14. Sunroof Reset
15. Air Suspension Reset

(More functions available depending on vehicle brand.)

◆ ECU Coding & Customization

One of the biggest advantages of ThinkDiag 2.

Supports:

- Hidden feature activation
- Module coding
- ECU adaptation
- Personalization features

Examples:

- Auto mirror folding
 - DRL activation
 - Auto lock/unlock
 - Welcome lights
 - Start/Stop memory
-

◆ Smartphone App Based Diagnostics

Works with **ThinkDiag App (Android & iOS)**.

Benefits:

- Wireless Bluetooth connection
 - Fast vehicle scanning
 - Automatic VIN detection
 - Software updates via app
 - Reports can be shared as PDF
-

Vehicle Coverage

Global Brand Support

Supports **100+** car brands worldwide.

Asian Vehicles

- Toyota / Lexus

- Chrysler / Jeep / Dodge

Supports most vehicles from **1996 to latest models.**

Technical Specifications

Feature	Details
Connection	Bluetooth 5.0
Interface	OBD2 16-pin
Working Voltage	9V – 18V
Operating Temp	-10°C to 50°C
Compatible OS	Android & iOS
Updates	Online via App

What's Included in the Box

- ThinkDiag 2 Bluetooth Device
 - User Manual
 - Activation Card
 - App Download Guide
-

Why Choose ThinkDiag 2?

- ✓ Affordable alternative to expensive workshop scanners
 - ✓ Full system diagnostics + coding
 - ✓ Regular software updates
 - ✓ Portable & wireless
 - ✓ Perfect for garages and auto technicians
-

Perfect For

- Car workshops
- ECU programmers
- Car electricians
- Automotive trainers
- Advanced car owner
